What
Why?**
Bariatric Surgery
Practice Guidelines

Date : Nov 20th & 21st, 2015
Venue : WESTIN, Chennai, India

Endorsing Societies

Organized by
GEM OBESITY & DIABETES SURGERY CENTRE
(Unit of GEM Hospital & Research Centre, Coimbatore)

Dr. C. Palanivelu
Patron

Dear friends,

Welcome to LAPAROFIT again, India's most popular bariatric surgical program.

Dr. P. Praveen Raj
Organizing Secretary

As you have been following over the years, we have always tried our best to make sure each and every program of ours have enough to take back home and refine one's surgical practice. Simultaneously we also have tried to implement/ experiment new technological innovations which culminated in LAPAROFIT 2014, world's first Complete Web streaming conference. This was highly appreciated and well attended, with over 900 participants making in the largest bariatric conference in the Asia Pacific.

Dr. S. Saravana Kumar
Co-organizing Secretary

What next? From technological innovation, in LAPAROFIT 2014 we are moving towards Academic innovation this year. Each and every session will be planned in such a manner that the speaker / the participants would be collecting appropriate evidences, which will be discussed during the sessions. This will be reviewed & compiled as statements that would guide our everyday practice.

This we believe would make bariatric practice more streamlined and organized, which we believe is very important as India continues in its march towards leadership in bariatric surgery.

INTERNATIONAL FACULTY

- » W J Lee, Taiwan
- » Chih Kun Huang, Taiwan
